

# Hunter PRIMARYCARE

## PSYCHOLOGICAL ASSESSMENTS

***Comprehensive assessments to support a valid diagnosis***

Hunter Primary Care's team of experienced clinicians provide comprehensive psychological assessments to individuals aged six and over. Assessments are offered face-to-face at our Warabrook office. Our skilled clinicians follow national guidelines and use standardised assessment tools, which can support making a valid diagnosis and may also support applications for funding.

Our services are tailored to the individual and ongoing support can be provided following the assessment. We aim to provide a safe and supportive space and ensure the process runs at a pace that feels comfortable for you.

## AVAILABLE ASSESSMENTS

### Attention-Deficit/Hyperactivity Disorder (ADHD) Assessments

Assesses inattention, hyperactivity and impulsivity through reports, clinical interviews and cognitive tests. Tailored to either children, adolescents or adults.

### Autism Spectrum Disorder (ASD) Assessments

Utilises clinical interviews, questionnaires, standardised tests and observational methods to assess ASD. Tailored to either children, adolescents or adults.

### Combined ASD/ADHD Assessments

Integrates methods from both ASD and ADHD assessments.

### Cognitive Assessments

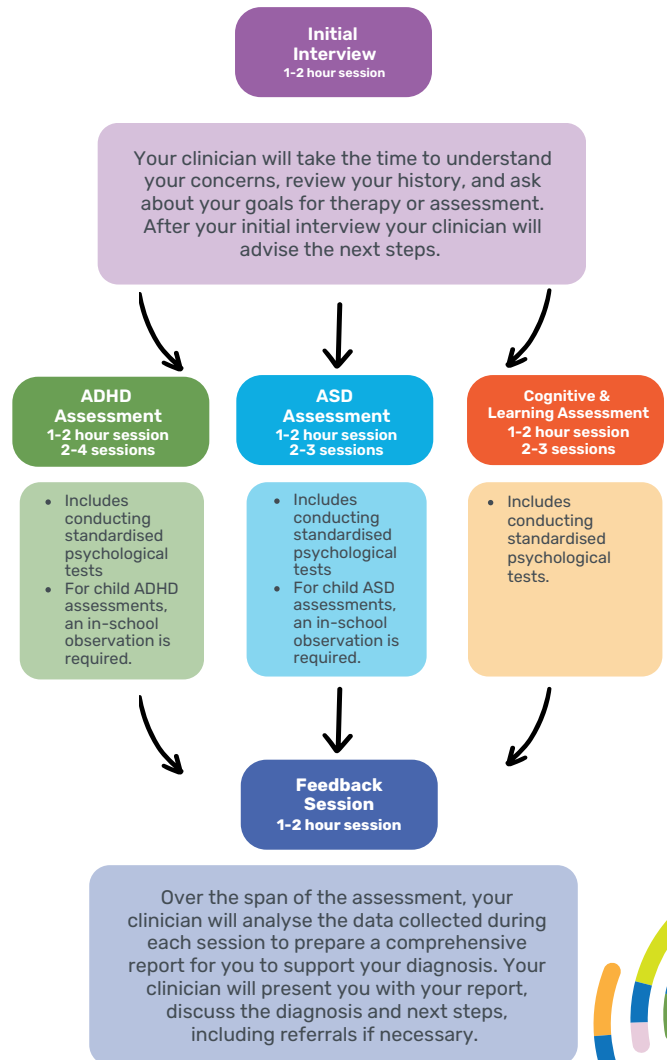

Evaluates an individual's cognitive functions such as memory, problem-solving, attention, executive functioning and reasoning to identify cognitive impairments. Tailored to either children, adolescents or adults.

### Child Learning Assessments

Measures a child's academic skills, cognitive abilities, and learning processes to identify learning disabilities or difficulties and guide educational interventions.

## OUR PROCESS

We understand that the situation and needs of every individual are unique. After the initial interview, your clinician will recommend the next steps based on your individual needs, so your journey may not look exactly like the below.

## ELIGIBILITY

Individuals aged six and over with speaking language skills.

## COSTS

Fees associated with this service have been thoughtfully created to reflect the time and expertise our clinicians invest in each assessment. Visit our website for more information.

## HOW TO REFER

You do not need a referral from a health professional and can self-refer to this service through our website [hunterprimarycare.com.au/psychological-assessments](http://hunterprimarycare.com.au/psychological-assessments).
